KENZA International Beauty Introduces 100% Pure Moroccan Beauty Oils

You Can Be Beautiful. Or You Can Be *Generously* Beautiful.

KENZA International Beauty, a corporate social enterprise had successfully launched a pure Moroccan beauty oils product line: KENZA “be generously beautiful”™

- Within its first year, KENZA International Beauty cultivated a loyal international following from the US to Australia, garnering raves from beauty editors, makeup artists, and bloggers.
- KENZA means treasure in Arabic while “**be generously beautiful**”™ refers to the introduction of a philanthropic element in the purchase of beauty care products.
- KENZA International Beauty harnesses the power of two treasured **organic Moroccan oils** known for centuries to carry beautifying properties.
 - While prized **Argan oil** has gained popularity in the beauty market recently; KENZA International Beauty introduced the highly sought and precious **Prickly Pear Seed oil**, with the highest levels of antioxidants (vitamin E) and essential fatty acids (Linoleic Acid or Omega 6).
- With excellent price points ranging from \$12 to \$77 (excluding special offers/sets):
 - **KENZA “be generously beautiful”™** luxurious skin and hair beauty oils line is priced to be affordable, so everybody can experience pure beauty without sacrificing on quality.
- KENZA International Beauty aims to achieve real beauty with a streamlined product range while supporting women social causes.

The Exception. Not the Rule.

- **Consciously created & certified for purity.** KENZA International Beauty scoured the market to select the purest oils from trusted sources:
 - Organic and certified for quality
 - Sustainably sourced and produced by women’s cooperatives in Morocco
 - Chemical & Cruelty-free
- **KENZA “be generously beautiful”™:** KENZA International Beauty uses its collective buying power to support social change for women by partnering with two women’s foundations in the US, as well as directly supporting a women’s cooperative in Morocco.

Visible Results. Simple Formulas.

KENZA International Beauty’s superior skin and hair care range incorporates only the **purest ingredients** without the use of parabens, mineral oils, silicones, alcohol, colorants, or animal ingredients. Never tested on animals.

Versatile Argan oil and Prickly Pear Seed Oil are enjoyed by women for their head to toe beauty care and by well-groomed men.

Formulas are results-driven with client feedback including improvement in skin tone, increased skin elasticity, diminished age spots, and nourished skin, hair, and nails.

❑ KENZA Pure Argan Oil

KENZA Pure Argan Oil is a multi-purpose natural beauty care product that will enhance and simplify your beauty life. Pure and unscented, KENZA Pure Argan Oil can be used by men and women from head to toes.

KENZA Pure Argan Oil is rich in vitamin E and Omega 6. It deeply moisturizes your skin and hair leaving them hydrated, beautiful, healthy, and protected from free radicals.

You can also add it to your favorite beauty products (moisturizer, foundation, sunscreen, aftershave, hair conditioning, and styling cream) to enhance them. Use KENZA Pure Argan Oil as massage oil to help ease sore muscles and reduce swelling. For an aromatherapy experience, add it to your favorite essential oils: Lavender, Rose, Neroli, or Eucalyptus.

❑ KENZA Pure Prickly Pear Seed Oil

This precious new beauty oil contains high levels (over 85%) of essential fatty acids (Omega 6 and Omega 9), vitamin E (one and a half the amount found in Argan oil), active minerals, and amino acids making it a potent antioxidant.

Directions: Use a few drops of this concentrated, super-charged antioxidant skin care product as a night serum on face, neck, and décolleté.

"This oil has kept my skin moisturized and supple despite the windy autumn weather. It absorbs quickly into the skin and gives me a natural glow. I've accumulated some brown spots from my vacation in Thailand over the summer, and the oil, to my delight, is gradually lightening the spots. This oil will definitely be holding prime cabinet space throughout the rest of Autumn and Winter."

- **Blogger Megan of Seed To Serum:** [Argan for All!](#)

"KENZA Pure Fusion Oil: This remarkable blend contains only two spectacular oils, argan and prickly pear. Wrinkles and dehydration are no match for these two nutrient-dense oils. This oil is perfect for purists looking for a little more oomph than argan alone can offer, but not willing to stray too far from the familiar. It is also wonderful for men because the scent is nutty, rather than sweet and flowery."
